**(DOMINICAN REPUBLIC:** According to an armed forces communiqué, government troops late yesterday killed three of the eight guerrillas that invaded the country on 3 February. Colonel Francisco Caamano, legendary leader of the 1965 insurrection, was among those killed, according to the communiqué.

[redacted] the remaining guerrillas are being pursued and should be wiped out quickly. Should Caamano's death prove true, the government can be expected to use it as a means of regaining some of the prestige lost after failing for two weeks to eliminate the guerrillas. [redacted]
